Welcome back! We hope you had an amazing summer.

The Afterschool Program at PS 11 is operated by PS 11 Programs Inc, a not-for-profit community based organization that works in partnership with PS 11. We offer a safe, caring, creative and enriching learning environment that supports and encourages each student to develop to their fullest potential - socially, emotionally, intellectually and physically. We offer a partnership between school, home and the community with the responsibility to support our students in becoming independent members of society.
